DARK WASH

Update the smoky eye with denim shadow and a graphic shape.

EXPERT Rick DiCecca, global makeup stylist for Estée Lauder

● Mix a navy-blue liquid eyeliner with a touch of concealer on the back of your hand. Using a thin foundation brush, spread the mixture over the entire eyelid and blend upwards toward the browbone. This creates a vibrant base colour and adds texture to the eyeshadow. ● With a small eyeshadow brush, dab a bronze shadow in the inner corner of the eye. Then, sweep a dark-blue shadow along the outer lash line, working the colour up and into the crease. ● Dust more bronze shadow over the entire eyelid and use the navy liquid liner to trace a thin line along the upper lash line. Finish with a coat of black mascara.
